OBJECTIVE

Frontend Developer with expertise in React.js, Next.js, Redux, HTML5, CSS3, JavaScript, Tailwind CSS, and Bootstrap. Skilled in creating responsive, cross-browser, and high-performance web applications, deploying on Vercel, and working with Agile/Scrum teams. Focused on applying UI/UX design principles, state management, and modern frontend frameworks to enhance scalable and impactful digital solutions.

PROJECTS

Movie Loom — Code — React.js, Express, MongoDB, Node.js   September 2025 – Present

- A full-stack movie discovery platform developed using the MERN stack (MongoDB, Express.js, React.js, Node.js).
- Designed and expanded an **intuitive user interface** for browsing, searching, and exploring movies with rich multimedia content.
- Integrated and optimized **RESTful API endpoints** to deliver seamless performance and quick search results.
- Focused on **user engagement** by ensuring responsive design and interactive UI features.
- Built scalable and efficient applications using JavaScript, React.js, Node.js, Express, and MongoDB, delivering a seamless and high-performance user experience.

E-Commerce Website — Code — React.js, HTML, CSS, JavaScript   January 2025 – February 2025

- Built a responsive shopping website with product catalog, search filters, and cart management**.**
- The application is styled using **CSS** to provide a visually appealing and user-friendly interface. Custom styles can be easily added to enhance the appearance and layout of the components.
- Implemented an **interactive frontend** to provide a seamless product browsing and checkout experience.
- Leveraged **React.js** components for modularity and reusability, enhancing code maintainability and scalability.

SKILLS

Front End: React.js, Next.js, Redux, HTML5, CSS3
Back End: Node.js, Express.js
Languages: JavaScript, C, C++
Deployment: Netlify, Vercel

Databases: MongoDB, MySQL
Automation: Tailwind CSS, Bootstrap, JSON
Developer Tools: VS Code, GitHub

EDUCATION

MIT-World Peace University (MIT-WPU), Pune, Maharashtra, India   August 2025 – Present
- Master of Computer Applications, CGPA: 7.55/10.0

Savitribai Phule Pune University (SPPU), Pune, Maharashtra, India   June 2021 – April 2024
- Bachelor of Computer Applications, CGPA: 7.17/10.0

SOFT SKILLS

- Strong problem-solving and analytical skills.
- Good communication and teamwork abilities.
- Passion for learning new technologies.
- Ability to adapt and contribute in a fast-paced environment.

ACHIEVEMENTS & CERTIFICATIONS

- **Blue Pineapple** Campus Connect Program.   January 2025 – March 2025
- Completed comprehensive training in problem-solving, competitive programming, and data structures and algorithms (DSA) using Java and C++.
- Covered core topics including arrays, linked lists, stacks, queues, trees, graphs, and dynamic programming.
- React.js - Infosys Springboard.
- Frontend Software Engineering Program – Skyscanner
- Java Programming Fundamentals - Infosys Springboard
- Recognized as the winner of **VIZCRAFT**, organized by the Business Analyst Forum at MIT-WPU (School of Business).
- Bootcamp on AR/VR – **CDAC** (Centre for Development of Advanced Computing)
